

**COURSE : ENVIRONMENTAL PROTECTION TECHNOLOGY
FOR SOLID WASTE MANAGEMENT AND WASTE WATER TREATMENT**

Summer Program

COURSE TUTOR

Tomoo SEKITO

Department of Civil and Environmental Engineering, Faculty of Engineering
Associate Professor

COURSE OVERVIEW

This unique program provides knowledge and practices about environmental protection technology to students who are interested in environmental issues. The students will be able to understand the fundamental principles of existing and emerging technologies for the treatment of waste water and solid waste.. Excursions to environmental protection facilities such as solid waste treatment and recycling facilities and waste water treatment facilities will be prepared.

The program will be given in English.

TEXTBOOKS AND READINGS

Materials will be distributed.

COMMUNICATIONS

The course tutor's details are as follows:

Office: Faculty of Engineering Room C526

Tel: +81985-58-7335
